Program Director
Radio Station WPRU
Princeton, N.J.

COPY

Dear Charlie:

For the past month I have been searching for someone like Stocky in New Haven, and have been hopelessly frustrated. My third million will go towards the creation of a Stockton Memorial Bottle Party Fund.

Within the near future you should start receiving a series of releases from our News and Sports departments. These will come to you any time that an event at Yale might be of interest to the Princeton undergraduate body. It is a small contribution to making Ivy a more cohesive and meaningful body.

I hope that we will be able to receive similar releases from WPRU. Let me know if you can handle a situation like this on a steady basis.

Will you be at the Ivy meeting this Spring? I still have no idea where it will be, as Ding and Cal Smith are still corresponding, I understand. In case it's in New Haven again, on behalf of the Savin Rock amusement and martini center, may I extend a very cordial invitation.

Tell Dick Mayes I'll write him when I get an opportunity.

Cordially yours,

Howard Eaton, Jr.
Program Director
